TAOYUAN AMERICAN SCHOOL

The TYAS Strategic Plan

An Overview

Updated 2026

Preparing our students today, for the future of tomorrow.

OUR FOUNDATIONS

Strategic Priorities

TYAS's strategic priorities are guided by the school's Five-Year Strategic Plan and further informed and refined by feedback from the 2025 CIS/WASC Preparatory Engagement. Together, these have helped shape the school's focus on continuous improvement in areas such as governance and leadership, curriculum and assessment, multilingual learning, student well-being and safeguarding, professional growth, and organizational sustainability.

The Strategic Plan serves as the school's overarching long-term direction, while the accreditation process provides external feedback, evidence, and reflection that help strengthen priorities, monitor progress, and guide ongoing school improvement.

OUR FOUNDATIONS

Vision, Mission, Development Initiatives, and Schoolwide Learning Outcomes

These foundations anchor the school's strategic direction and connect its long-term priorities to teaching, learning, well-being, and continuous improvement.

VISION	To be a vibrant, multicultural and multilingual community of lifelong learners, empowering students to thrive today and lead tomorrow as responsible global citizens.
MISSION	Our school is committed to fostering holistic development and preparing students for lifelong success. Our mission is to provide a comprehensive education that nurtures academic accomplishment while fostering the social and emotional well-being of each learner. We aim to cultivate diligent, resilient, and adaptable global citizens and equip our students with the knowledge, skills, and mindset to pursue lifelong learning and personal fulfillment.
Diversity, Equity, and Inclusion	At TYAS, we are committed to fostering a learning environment that embraces diversity, promotes equity, and ensures inclusion for all members of our community. We believe that a diverse and inclusive school culture enriches educational experience and prepares our students to thrive in a global society. We are dedicated to recognizing, valuing, and celebrating the unique backgrounds, perspectives, and contributions of every student, faculty member, and staff.

SCHOOLWIDE LEARNING OUTCOMES (SLOs)

1	Intellectual Curiosity and Critical Thinking
2	Collaborative Spirit and Teamwork
3	Global Citizenship and Cultural Competence
4	Personal Well-Being and Emotional Growth
5	Ethical Integrity and Responsibility

GOAL 1 Governance, Leadership, and Organizational Capacity

Strengthen the structures, people, and systems that support effective leadership, responsible governance, professional growth, and long-term institutional stability.

1.1	**Strengthen Governance and Accountability** Maintain a clear governance framework with defined roles, transparent decision-making, appropriate oversight, and regular review of school priorities.
1.2	**Develop Leadership Continuity and Succession** Establish succession planning for leadership and key roles to support continuity, institutional knowledge, and sustainable school improvement.
1.3	**Strengthen Recruitment, Qualifications, and Retention** Attract and retain high-quality faculty and staff through clear recruitment processes, recognized professional qualifications, competitive support, recognition, and opportunities for career growth and committed to TYAS's mission, vision, schoolwide learning outcomes, and strategic goals.
1.4	**Build a Culture of Professional Growth** Provide systematic professional learning, mentoring, collaboration, and performance development for teaching and non-teaching staff in alignment with school priorities.
1.5	**Strengthen Stakeholder Voice and Communication** Create consistent structures to gather, analyze, communicate, and respond to feedback from students, families, faculty, staff, and other stakeholders.
1.6	**Align Resources with Strategic Priorities** Strengthen the connection between strategic planning, budgeting, resource allocation, and annual review so that priority initiatives are appropriately supported.

GOAL 2

Teaching, Learning, Curriculum, Assessment, and Multilingual Learning

Provide a coherent, rigorous, inclusive, and future-ready learning experience in which curriculum, assessment, pedagogy, and language development work together to support every learner.

2.1	**Embed Mission, Vision, and SLOs in Learning** Ensure the school's guiding statements and Schoolwide Learning Outcomes are visible in curriculum design, classroom practice, assessment, and reflection.
2.2	**Strengthen Curriculum Coherence** Develop and maintain horizontally and vertically aligned curriculum through consistent standards, unit planning, documentation, review cycles, and a centralized curriculum platform.
2.3	**Strengthen Assessment and Data Use** Develop coherent assessment and reporting practices, use common expectations and benchmarks where appropriate, and use formative and summative evidence to improve instruction and student learning.
2.4	**Empower Multilingual Learners Across the Curriculum** Develop a schoolwide inclusive approach that recognizes students' languages, cultures, accents, and linguistic identities as assets. Strengthen academic language alongside disciplinary learning through content and language objectives, research-informed scaffolding, collaboration, and differentiated instruction.

GOAL 2

Teaching, Learning, Curriculum, Assessment, and Multilingual Learning (continued)

Continue the teaching and learning priorities with particular attention to inclusive language support, transferable learning, and sustained teacher capacity.

2.5	**Strengthening Inclusive Language Support** Clarify the roles, benchmarks, progression expectations, and collaborative practices that connect multilingual learner support with mainstream classroom instruction, with increasing emphasis on inclusive and non-pull-out approaches where appropriate.
2.6	**Promote Deep, Transferable, and Student-Centered Learning** Use inquiry, conceptual understanding, authentic application, interdisciplinary connections, and appropriate technology to help students transfer knowledge and skills beyond individual lessons and subjects.
2.7	**Build Teacher Capacity Through Collaboration and Inquiry** Use professional learning, Subject Area PLC structures, coaching, peer learning, and action research to strengthen curriculum implementation, assessment literacy, multilingual pedagogy, and evidence-informed teaching.

2026-2028 implementation emphasis

The five-year plan identifies curriculum coherence, assessment practices, and multilingual learning as a key mid-term priority. Implementation emphasizes standards-based unit planning, integration of language development, use of data, sustained professional development, collaborative PLC structures and coaching, inclusive asset-based practices for multilingual learners, and ongoing curriculum review through systems such as Atlas.

Informed by Development Initiative 1: Curriculum coherence, assessment practices, and language learning inform priorities 2.1-2.7.

GOAL 3 Student Well-Being, Safeguarding, and Belonging

Nurture a safe, inclusive, caring, and responsive school environment in which students are known, supported, protected, and empowered to participate in the life of the school.

3.1	**Embed Social-Emotional Learning** Strengthen a coherent, developmentally appropriate SEL approach across curriculum, advisory, homeroom, and schoolwide experiences of multilingual learners for the multilingual learners through the CASEL (Collaborative for Academic, Social, and Emotional Learning) framework.
3.2	**Strengthen Safeguarding Policy and Practice** Maintain clear child protection and safeguarding policies, reporting procedures, role-specific training, safe recruitment practices, and consistent implementation across the school.
3.3	**Develop Responsive Student Support Systems** Strengthen counseling, health, academic support, and multi-tiered systems of support so that student needs are identified early and addressed appropriately.
3.4	**Strengthen Student Voice and Agency** Use surveys, focus groups, student leadership, reflection, and feedback structures to ensure students help inform school improvement and well-being priorities.
3.5	**Promote Belonging, Inclusion, and Respect** Foster relationships and practices that value diversity, multilingualism, cultural identity, empathy, restorative approaches, and respectful participation in the school community.
3.6	**Use Evidence to Monitor Well-Being and Safety** Develop reliable systems for monitoring well-being, safeguarding, attendance, health, and student support data so that patterns inform leadership action and continuous improvement.
3.7	**Strengthen Health, Safety, and Digital Wellness** Maintain appropriate facilities, health and safety procedures, signage, digital citizenship education, and safe online practices for students and adults.

Informed by Development Initiative 2: SEL, diversity, well-being, and safeguarding inform this goal, especially student support, safeguarding, voice, and inclusive school culture.

GOAL 4 Global Citizenship, Community, and Partnerships

Expand opportunities for students and the wider community to learn across cultures, contribute responsibly, build partnerships, and engage meaningfully with local and global contexts.

4.1	**Strengthen Global Citizenship and Intercultural Competence** Integrate global perspectives, cultural understanding, ethical responsibility, and meaningful engagement with diverse viewpoints across curriculum and co-curricular programs for multilingual learners.
4.2	**Expand International Partnerships and Mobility** Develop partnerships with international schools and institutions for student and staff exchanges, collaborative projects, language experiences, and overseas experiential learning.
4.3	**Expand Student Leadership and Global Engagement** Increase opportunities such as Model United Nations, robotics, arts, service, public speaking, global projects, and student-led initiatives that develop leadership and communication.
4.4	**Strengthen Parent, Alumni, and Community Partnerships** Create meaningful opportunities for families, alumni, local partners, and community organizations to contribute to school life, learning, service, and long-term development.
4.5	**Deepen Connections to Taiwan** Increase curricular and co-curricular opportunities that strengthen students' understanding of Taiwan, Taiwanese culture, local communities, and the school's responsibility within its host context.

GOAL 5

Sustainable Growth, Accreditation, and Future Readiness

Ensure the school is financially, operationally, technologically, and institutionally prepared to sustain quality, respond to change, and advance its mission over time.

5.1	**Achieve and Sustain CIS/WASC Accreditation** Complete the joint accreditation process, respond thoughtfully to evaluation feedback, and use accreditation as one mechanism for sustained school improvement and accountability.
5.2	**Strengthen Quality Assurance and Continuous Improvement** Establish regular cycles of evidence collection, review, reporting, evaluation, and refinement across academic and operational priorities.
5.3	**Strengthen Enrollment and Retention** Use strategic, mission-aligned approaches to attract and retain local and international students, strengthen the family experience, and sustain appropriate enrollment growth.
5.4	**Ensure Financial Sustainability** Diversify revenue where appropriate, maintain responsible budgeting and controls, and align financial decisions with long-term strategic priorities.
5.5	**Advance Technology and Digital Systems** Invest in scalable learning and operational technologies, data systems, cybersecurity, Artficial Intelligence and digital infrastructure that improve teaching, communication, decision-making, and efficiency.
5.6	**Plan for Facilities and Long-Term Campus Growth** Maintain safe, effective facilities while advancing long-term planning for campus development, future program expansion, and changing enrollment needs.
5.7	**Strengthen Institutional Reputation and Communication** Communicate the school's identity, progress, achievements, strategic priorities, and value proposition clearly and consistently to current and prospective stakeholders.

Strategic planning principle: The Strategic Plan is the school's overarching direction. Accreditation initiatives and annual improvement plans align to it, contribute evidence of progress, and remain responsive to emerging school needs.
